

Helpful Websites

Website Address	Description
https://www.tate.org.uk/kids	This is a great website from the Tate, aimed at children that allows you to explore the content of the Tate And Tate Modern. You can play free games and quizzes, find art activities and share your art with Tate Kids.
http://aminahsworld.org/create/ArtBuilder.html	This website allows you to build your own digital collages in the style of American artist, Amanah Brenda Lynn Robinson. It's digital art that feels very physical and makes for a really cool piece of artwork.
http://toytheater.com/category/art/	On this website you can create all sorts of different artworks from animations to doodles. There is an app on there that helps to build familiarity of numbers too - Great for Rec-Y1.
https://www.metmuseum.org/art/online-features/metkids/	A child friendly website from The Metropolitan Museum, New York. Here, you can explore the museum through a digital map, hop in a time machine and discover art through time and watch loads of cool videos about lots of different artworks.
https://musiclab.chromeexperiments.com/Song-Maker/	Make 8 bars of digital music by selecting different rectangles that represent high and low notes. Change the instrument or change the tempo. Add percussion at the bottom. You can even share your songs with friends and family and then add to them. Suitable for all ages.
https://splice.com/sounds/beatmaker	Another great music making website but this one is a little trickier, allows you to experiment with more instruments and gives you 32 bars to play with. Suitable for Year 3 -6.
http://www.pobble365.com/magic/	This site generates a different piece of artwork each day, (you can also go back to see previous artworks). All artworks are accompanied with meaningful questions, sentence challenges and story starters. You could use this site to generate your Artist of the Week or even Day!

https://m.youtube.com/channel/UCsMXYJDvYOAhpDZ4QRuqVA	<p>Kids Bop UK is a YouTube channel that offers loads of free dance-along music videos for all the family to join in with.</p>
<p>https://www.bbc.co.uk/programmes/b03g64rh (Foundation Phase)</p> <p>https://www.bbc.co.uk/programmes/b03g64pr (Key Stage 2)</p>	<p>Foundation Phase A super link to Drama for Foundation Phase offering interactive learning opportunities. Traditional and Modern tales, The Enormous Turnip, Cinderella, The Hare & the Tortoise told beautifully with opportunities to act out sections of the story. Tips are given on facial expression, vocals and body language.</p> <p>Key Stage 2 A superb opportunity to bring history and literature to life through drama. Children visit the MATRIX, The Museum of Advanced Technological Realisation and Interactive Exchange. Children use VR helmets to experience dinosaurs moving through a swamp or a battle between Anglo-Saxons and Vikings. They can experience The Great Fire of London or be an evacuee in WW2.</p>
<p>https://toytheater.com/build/</p>	<p>Use this site to create a theatre. You can build a stage with steps to the wings for actors to enter and leave. You can add actors to the stage and an audience to applaud the performance. This is also useful web site for much of the curriculum.</p>
